May We Take Your Order Please?

As Master IJO Jewelers, we have the ability to hand pick quality merchandise from leading manufacturers. We also have the buying power of 850 jewelers to pass the best values in the industry on to you.

In March, we will be attending the Master IJO Jewelers Spring Conference in Tampa, FL. This Conference is for IJO member stores only. No other jeweler in our area will be permitted to attend.

In preparation for the spring buying season, we will be selecting from over 160 designers and manufacturers offering the latest and finest jewelry lines available... some, exclusive to IJO members only.

This is your opportunity to special order a specific precious gemstone or a finished piece of exquisite jewelry selected personally by us for you.

Call us today or stop by the store to discuss your jewelry needs (and desires).

Yellow Gold and Yellow Gems... A Bright Combination for 2006

Warm yellow gold and sunny yellow gems blend beautifully to form a strong fashion color for 2006. The combination of gold-on-gold or yellow-on-yellow is perfect for adding a warm and lively look to winter fashions.

This season, you'll see high-fashion yellow gold jewelry in a bright mirror shine as well as a soft satiny glow combined with a wide variety of summery yellow gems. These include lustrous citrine, yellow sapphire, topaz, amber, heliodore, and yellow chrysoberyl.

In addition, many of the newest gold jewelry designs are combining glittering yellow gemstones with the radiant glow of natural golden akoya cultured pearls.

Buttery yellow gold-on-gold jewelry is available now in elegant necklaces, bracelets, rings, pendants, and earrings to brighten any outfit.
